

# In Touch

Kia Orana. We have more great news for most Broadband customers with changes to our plans coming into effect on 1 June 2012, with faster speeds, cheaper pricing and more capacity, depending on the plan.

Outer Islands internet is also in for a boost as we move to a new satellite, providing more capacity and improving service for each island.

You can follow us on facebook to find out the latest news, views and specials, and to tell us what you think.

## Faster, cheaper, **MORE BROADBAND**

It just keeps getting better. From 1 June we're increasing speeds, reducing prices, and increasing caps on most Broadband plans.

\*New Broadband changes will take effect 1 June 2012. For more details contact one of our friendly staff today or check out Telecom on facebook at <http://www.facebook.com/Telecom CI>

We're turning up the speed with the Standard, Value, Plus, Extra and Super Plans up to 100% faster!

Cheaper pricing to fatten your wallet, for the Extra, Super, Ultra, Mega and Outer Islands plans saving up to \$250 a month. And yes we're increasing data caps on the Standard, Value, Plus, Extra, and Outer Islands plans.

## Improving Service

We're consistently looking for ways to improve our services and reduce our prices.

We have just recently signed a contract for new satellite service with increased capacity (doubling the current capacity) for the Outer Islands.

This project runs until the end of May when we expect to have all the Outer Islands satellite dishes repositioned and fully operational. The southern group was completed on 29 April 2012.

So what does this mean for you?

- Improved quality of calls for landline and mobile;
- Improved quality of internet services; and
- Internet service to more customers.

New satellite  
brings new  
improvements to  
Outer Islands!
