Mata Priest - Winner Directory Cover Competition

Kia Orana, in this month's issue we've got some great news for those on our Pre Pay Mobile Plan, with peak calling reduced from 99c to 79c per minute. For all our customers on Broadband plans we've reduced rates even further.

This month we geared up supporting the International Sevens event, with our hugely popular double up for Pre Pay customers, a "kick it" competition to win a mobile phone, and the rolling out of Telecom's Big Balls.

To all you paddlers out there look for our Telecom Booth at Vaka Eiva. We're turning on the WiFi, and providing a great offer, so get sending pictures of all the action to your friends and family.

Christmas is just around the corner and we're planning some great Christmas Specials so be sure to look out for our Telecom Christmas insert in the newspaper during December.

## Directory Cover Competition

Thank you to all the participants who entered this year's Directory Cover Competition. Congratulations to our winner Mata Priest, who received \$1500, a sim card, \$100 credit and a mobile phone to the value of \$250.

what's going ON....

# Cheaper Broadband

Broadband Rates are coming down again.

From December 2011 we've reduced our rates again! Starting with the Intro Plan monthly fee dropping down to \$25, making it one of the lowest priced plans in the South Pacific. And we've increased the data allowance caps for the Super and Ultra Plans.

Big savings for all Broadband customers, with reduced rates for additional usage. We have slashed up to another 34% off what you pay if you go over your monthly data allowance. So now it costs even less to do more.

Want to know more about your Broadband plan? Check out our website, come in and see our friendly staff, or call 123 for more details.

## NEW Prepaid rate

Prepay customers can now enjoy more talk time with our new reduced calling rate. Make calls during peak hours to family and friends for only 79c a minute!

## ANYTIME Mobile Plans

Our new ANYTIME postpaid plans are out now. We're offering you some of the best pricing ever, by bundling together calling, text, and now data so you can check your facebook, email or just surf the net anytime.

**ANYTIME 30 - 40 minutes calling, 40 MB data, and 750 Texts for just \$30.00 per mth.**

Designed for customers who are heavy text users, or existing prepay customers wanting to get more value for money. Valued at \$100.00 a month.

**ANYTIME 60 - 100 minutes calling, 100 MB data, and 600 texts for just \$60.00 per mth.**

Perfect for the home user or small business person, this new plan is a balance of text, calling, and data for the person who wants more. Valued at \$120.00 a month.

**ANYTIME 90 - 200 minutes calling, 200 MB data, and 500 texts for just \$90.00 per mth.**

Ideal for the business person, with loads of calling, data and texts, turning your phone into an office on the go. Valued at \$190.00 a month.

### Business Solutions - Brendon Welsh

Telecom welcomes Brendon Welsh our new Business Solutions Manager, who returns to the Cook Islands after working overseas in telecommunications. Brendon will work with Telecom's key clients, develop Wifi hotspots, and expand our e-Service. If you need to reach Brendon and his team (Mary and Tikire) they can be reached at business.solutions@telecom.co.ck or call 123.
